

MODEL 88F *Twincone Magnet Wire Stripper*

The Model 88F is designed to efficiently strip miniature coils and fine magnet wire by the use of rotating cone shaped stripping wheels. Our unique Twincone[®] wheel design makes close stripping possible on all types of film insulations. Strips to within 1/8" of a component's body are possible. Our Twincone[®] Stripping Wheels may be cleaned with a Wheel Dresser, plus raised for maximum Wheel life. Each machine comes Standard with (1) pair of Twincone[®] Wheels, durable Powder Coat Finish and 1 Year Limited Warranty.

STANDARD FEATURES:

P/N 661 & 640 Twincone Stripping Wheels
P/N 2998 Wheel Dresser

Note: Our Twincone Stripping Wheels fit most competitive machines, and are competitively priced. Call factory for quantity discount.
